Profesional Summary

I am a dedicated Computer Science student seeking an internship or junior position in full stack web development. I am looking for a position that offers professional challenges making use of my web development and database management skills.

Education

DEC - Computer Science   2022 - present

LaSalle College, Montreal, Quebec

- Relevant Coursework: Data Structures and Algorithms, Operating Systems, Database Management Systems

Work Experience

Hotel Receptionist   Mar 2022 - Aug 2022

Sueños del Inka Hotel, Peru, Cuzco

- Contributed with improvements to the hotel management system to improve efficiency on actions for future receptionists.
- Developed a method for organizing resources which impacted positively the work relations.
- Collaborated with other tourism companies, while managing consultations and relationships with clients, and closing business opportunities
- Worked in high pressure situations due to lack of staff, allowing the hotel to reduce expenses and develop my own teamwork skills

Freelancer   July 2024 - present

Sueños del Inka Hotel, Peru, Cuzco

- Developed a web app in charge of managing user reservations using PHP and Javascript. The engine generates room packets that accommodate the user preferences.
- Designed a comprehensive and minimalist design attracted users who before used booking.com to make reservations, increasing user traffic on the hotel's website.
- Demonstrated efficient data handling, prioritizing security and user experience.
- Collaborated with senior developers who monitored the state and integrity of the project.

Technical Skills

- **Programming languages:** Python, Java, Javascript, Typescript, C++, C#
- **Web Development:** HTML, CSS, PHP, Django, React, NodeJS
- **Databases:** SQLite, Oracle, MongoDB, Microsoft SQL Server
- **Tools and Technologies:** Github, Linux, APIs
